Re: Approval of Additional Electrical Pedestals in the City Campground

Due to the popularity of our campground we would like to add electrical pedestals to 3 overflow sites. These funds are budgeted in the Capital Equipment/Improvement Plan (CIP).

The cost for the installation will not exceed the budgeted amount of \$6,123.00.

Approval to install 3 electrical pedestals in the overflow area of the campground using budgeted CIP funds.

Re: Approval for Fundraising Efforts for Improvements to Kretz Park

Antigo Dugout Club actively fundraises and uses tournament revenues for ball park improvements.

They are currently in the process of fundraising for lights at Kretz Park as well as a restroom addition.

I am requesting approval for Antigo Dugout Club to proceed with fundraising for lights and a restroom addition.

Antigo Dugout Club will work with the City of Antigo to ensure the necessary permits and approvals are completed prior to and during construction.

Re: Acceptance of Donation for City of Antigo Wading Pool Improvements and Enhancements

The City of Antigo has been approached by a local family that would like to donate funds to improve a community park space.

After discussion with the family it was agreed that a popular and heavily utilized park feature in need of updates is the City of Antigo Wading Pool. This park feature has been popular for generations of community members and visitors, but is in need of updates and enhancements.

It is our recommendation to accept the donation to improve and enhance the City Park East Wading Pool.
