Re: Granting Permission to Street Commissioner to Purchase Grader

Due to mechanical failure on a 2002 Volvo Grader, calls have been made checking on parts and we have been told that Volvo does not make graders any more. The cost of parts needed is more than this grader is worth.

I am requesting approval to be able to purchase a used grader for replacement without going out for bids utilizing existing money in CIP account. CIP- Grader or Loader Acct - 442.640.64001.57750. Bidding is not feasible as used inventory fluctuates.

I am also asking for permission to purchase a piece of equipment most advantageous to the City when a used grader is found as the timing of purchasing used equipment does not allow waiting for committee approval.
