Re: Accept the Vanguard Foundation Donation of \$5,000 to be Used to Purchase a Radar Traffic Data Collector

The Public Works Department has received a donation of \$5,000 from the Vanguard Foundation. The funds are to be used for the purchase of a Radar Traffic Data collector. This tool is going to help with gathering traffic information on our streets including count and size of vehicles. The information collected will enable the City to construct better streets for the traffic that is utilizing those streets.
