

CITY OF ANTIGO

PUBLIC WORKS COMMITTEE MEETING

COUNCIL CHAMBERS

Wednesday, June 26, 2024

CITY HALL, 700 EDISON STREET

5:30 PM

Call to Order

Discussion and Action May Occur on Any of the Following Agenda Items:

1. Approval of Minutes from the May 22, 2024 Meeting
2. Approval of Vactor Combination Sewer Cleaning Truck Purchase from Sourcewell for \$405,388.56, Utilizing Budgeted Funds as Well as Waiving the Bidding Requirements
3. Retain Services from Moss & Associates for the Seventh Avenue and Clermont Street Contract to Obtain Temporary Limited Easements from Adjacent Property Owners in Order to Bring Sidewalks in the Intersections up to Current ADA Standards for the Approximate Cost of \$30,000.
4. Approval of Ayres and Associates Engineering Contract for \$43,525 to Add Additional Watermain from Lincoln Street to Morse Street, as well as Clermont Street Under Springbrook and Repair of Two Sanitary Manholes in Ninth Avenue
5. Wis DNR Principal Forgiveness Loan Resolution Agreement for the Lead Service Replacement Program in the amount of \$275,000

Any Other Matters Authorized by Law to be Considered

Adjournment

Upon reasonable notice, efforts will be made to accommodate disabled individuals through appropriate aids and services. For additional information, contact clerk treasure's office, 700 Edison Street, Antigo, Wisconsin 54409. (715) 623-3633 extension 100. Members of and possibly a quorum of members of other governmental bodies may be in attendance to gather information. Any governmental body other than that specifically referred to above will take no action.

Re: Approval of Vactor Combination Sewer Cleaning Truck Purchase from Sourcewell for \$405,388.56, Utilizing Budgeted Funds as Well as Waiving the Bidding Requirements

I am requesting to purchase a 2025 Vactor 2100i Combination Sewer Cleaning Truck in the amount of \$405,388.56 from Sourcewell.

In the revised Purchasing Policy, Section D notes that State Contracts, Intergovernmental Purchases and Cooperative Purchasing per Statutes 16.73 State, Federal government, and Cooperative Purchasing agencies that utilized a bidding policy fulfilling our bidding requirements, and Statutes 16.73 may be used to purchase equipment, supplies, etc. The City may acquire equipment, services, or consumables from another agency or branch of government, and bidding requirements may be waived by the presiding committee.

In addition to the purchase, I am requesting to be able to waive the bidding requirements and purchase the Vactor from Sourcewell.

This purchase is budgeted.

****SOURCEWELL EQUIPMENT QUOTE****

Per our discussion I have generated a Sourcewell Cooperative Purchasing Quote on a new 2025 VACTOR 2100i COMBINATION SEWER CLEANING TRUCK as described below. The enhancements below have been deemed necessary, after demonstration and application by City of Antigo, to be the most productive and safe truck available. Sourcewell Cooperative Purchasing is a government agency that bids on equipment nationally, providing a discounted price that meets/satisfies your city's bid process.

CITY OF ANTIGO SOURCEWELL MEMBER #224861

VACTOR MANUFACTURING SOURCEWELL CONTRACT #101221-VTR

NEW VACTOR 2100i – COMBINATION SEWER CLEANER

STANDARD EQUIPMENT INCLUDES*****

- | | |
|--|--|
| - Vactor Single Piston Jet Rodder Pump, 80GPM/2500PSI | - Low Water Alarm with Water Pump Flow Indicator |
| - Color Coded Sealed Electric System | - Digital Water Pressure Gauge |
| - Intuitouch Electronics Package | - Joystick Boom Control |
| - Chassis Engine Cooling Package | - Rodder System Accumulator - Jackhammer On/Off |
| - Double Acting Hoist Cylinder | - Midship High-Pressure Coupling |
| - Handgun Assembly w/35'x1/2" Hose w/Quick Disconnects | - Side Mounted Water Pump |
| - Ex-Ten Steel Cylindrical Debris Tank | - Digital Hose Footage Counter |
| - (3) Nozzles with Carbide Inserts w/Rack | - Hose Reel Hydraulic Extend/Retract |
| - Suction Tube Storage - 4 pipe | - Hydraulic Oil Temp Alarm |
| - 1" x 600' Piranha Rodder Hose | - LED Lights, clearance, Back-Up, Stop/Turn/Tail |
| - 10' Leader Hose | - 7" Vacuum Pipe Package - 25' of 7" Vacuum Tube |
| - Flat Rear Door with Hydraulic Locks | - Hydraulic Extending 15" Rotating Hose Reel |
| - Dual Stainless Steel Float Shut-Off System | |
| - Debris Body Vacuum Relief System | |

OPTIONAL ENHANCEMENTS INCLUDED IN BUDGET QUOTE*****

- DEBRIS BODY-----
- 12YD Debris Body
 - Debris Body Washout
 - Rear Door Valve High Pressure Flush
 - 6" Rear Door Knife Valve w/Camloc w/Port – 6:00 Position
 - Full Rear Door Swinging Screen

Attachment: vactor (7007 : Vactor Purchase)

- 6" Decant System w/Air Actuated Knife Valve – Curbside
- Centrifugal Separators (Cyclones) – 4
- Folding Pipe Rack – Curbside 7"
- Rear Door Splash Shield
- Lube Manifold w/Lube Chart
- MODULE PAINT COLOR: L2435EW Slate Grey

WATER SYSTEM/HOSE REEL-----

- 80GPM @ 2500PSI Vactor Single Piston Jet Rodder Pump
- Air Purge for Water System
- Additional Water – 1500Gal Total
- 304 Stainless Steel Water Tanks ILO Aluminum
- Cold Weather Recirc – PTO Driven, 25GPM
- Hydro Excavation Kit – Includes Lances, Nozzles, Storage Tray and Dig Tube
- 600' x 1" Piranha Sewer Hose – 2500psi
- Rodder Hose Pinch Roller
- High Pressure Hose Reel (1) Midship
- Rodder Pump Drain Valves
- Hose Wind Guide (Dual Roller) – Auto – Non-Indexing

VACUUM-----

- ROOTS 824 RCS 16" Blower
- Front Hose Reel Blower Controls
- Blower High Temp Safety Shutdown
- Digital Water Level Indicator
- Digital Debris Body Level Indicator Tied to Vac Relief

BOOM-----

- Bellypack Wireless Controls with Hose Reel Controls and LCD Display
- Rotatable Boom Inlet Hose
- 10' Telescoping x 15' Deployable RDB Boom (Rapid Deployment Boom)
- Heavy Duty RDB Hose
- RDB High Pressure Washout Coupling

SAFETY-----

- Rear Directional Control – LED Arrowstick
- Federal Signal 14 Light Strobe Package – LED – Amber
- LED Mid-Ship Turn Signals
- Work Lights – Boom (2) Self-Leveling
- Work Lights – Operator Station, Hose Reel Manhole, Curbside/Streetside Mid Ship
- Camera System – Front and Rear

TOOL/STORAGE-----

- Safety Cone Storage – Post
- Toolbox – Front Bumpers w/LED Markers
- Toolbox – Driver Side Subframe
- Behind Cab Tool Tray

Re: Retain Services from Moss & Associates for the Seventh Avenue and Clermont Street Contract to Obtain Temporary Limited Easements from Adjacent Property Owners in Order to Bring Sidewalks in the Intersections up to Current ADA Standards for the Approximate Cost of \$30,000.

We have received funding from Wis DOT for construction of 7th Ave from Dorr Street to Clermont Street and Clermont Street from 7th Ave to 10th Ave. During the construction we are required to bring the sidewalks in the intersections up to current ADA standards. In doing so Wis DOT requires temporary limited easements to be obtained from the adjacent property owners. This process must be completed by a qualified firm such as Moss & Associates. We have used Moss & Associates in the past and we did reach out to multiple other firms for quotes. Some did not respond, and others had too large a workload already. We would like to retain Moss & Associates to begin the process for obtaining these temporary limited easements for approximately \$30,000 with the funds to come from the Street Construction CIP.

Proposal City of Antigo
Clermont Street Reconstruction
Project ID 9835-05-00

NEGOTIATION:

Acquisition of TLE parcels	\$600/parcel
Utility parcels	\$450/utility
Nominal Payment Parcel Report (Required by WisDOT, if necessary)	\$3,500
Certification of Right of Way (Required by WisDOT, if necessary)	\$3,500

Moss & Associates will meet with owners, deliver offers, mail documents to Register of Deeds for recording, prepare Jurisdictional Offers, if necessary, prepare Award of Damages if necessary.

City of Antigo will be responsible for providing right of way plats and construction plans, documents and legal descriptions, title searches, pay for recording documents, and making payments to owners.

APPRAISALS:

Appraisal (Standard Abbreviated) Parcel 10 only	\$3,500/appraisal (If necessary)
Appraisals on all other parcels	\$2,250/appraisal (if necessary)
Sales Study : (Required by WisDOT)	\$7,500
Testimony prep time:	\$150.00 per hour (If necessary)
Court Testimony:	\$150.00 per hour (If necessary)

Steiro Appraisal, Inc. will prepare a sales study, appraisals, if necessary, and prepare for and testify in the event of a court case.

CONTRACT FOR SERVICES
BETWEEN
CITY OF ANTIGO
AND MOSS & ASSOCIATES LLC

Moss & Associates LLC will provide project management, negotiation and relocation services, through acquisition and or condemnation.

Negotiation Services

- Moss & Associates LLC will provide all aspects of property acquisition:
 - Offer Price letter, copy of appraisals and description of taking and obtain purchase agreement if desirable.
 - Negotiation files complete with Title Search, copy of appraisal, negotiation diary, mortgage releases, lien releases, tax proration, closing statement, copies of Conveyances and statements to construction engineer.
 - Obtain mortgage and lien releases when necessary.
 - Submit necessary deeds and releases to the register of deeds for recording.
 - Provide necessary documentation to the designated City of Antigo when an administrative settlement is recommended by the negotiator to preclude condemnation.
 - Voucher all payment requests to City of Antigo Highway Department for payment of the acquisition.
 - Provide all necessary forms to proceed with condemnation if necessary, i.e. Jurisdictional Offer and Award of Damages.

Project Management Services

- Moss & Associates LLC will conduct all activities within the guidelines of Wis. Stats. Chapter 32 and Wis. Administrative Code Chapter 202, and the WisDOT Manual for Right of Way Acquisition
- Invoice City of Antigo monthly for work processed.
- Process offering price reports to the Village for approval.
- Audit, approve and voucher payments for completed appraisal fees.
- Review and voucher invoices for property owner appraisals as provided in Wis. Stats. 32.05(2)(b).
- Provide periodic status reports
- Provide pre-trial consultation regarding condemnation proceedings
- Attend any meeting or conference required by the City of Antigo
- Provide consultation as necessary

City of Antigo will provide:

- Any information necessary from the Assessor for the appraiser or negotiator to perform their functions.
- Any necessary R/W plats, construction plans, profiles and cross sections as required.
- All documents and legal descriptions.
- Pay for any Title Searches or updates to Title Searches.
- Pay for all approved purchases of right of way.
- Pay for all recording fees.
- Pay for approved appraisal fees.

Moss & Associates LLC will provide the services as outlined above, provided in the attached Proposal for Services.

Re: Approval of Ayres and Associates Engineering Contract for \$43,525 to Add
Additional Watermain from Lincoln Street to Morse Street, as well as Clermont Street
Under Springbrook and Repair of Two Sanitary Manholes in Ninth Avenue

We have received a Wis DOT Grant for resurfacing 10th Ave in 2026. In preparation for that, our crews have identified the need to add some additional watermain from Lincoln Street to Morse Street and as well as Clermont Street under Springbrook to eliminate a dead end. During the reconstruction of Edison Street, it was discovered that the sanitary sewer was not abandoned properly in Ninth Avenue. During that investigation it was also discovered that the two sanitary manholes, one in Morse Street and Ninth Avenue and one in Dorr Street and Ninth Avenue, do not have any bottoms remaining. They are both receiving ground water and need to be replaced. Ayres and Associates is providing us with a proposal for engineering services for these projects. We are requesting approval for the attached contract with the funds to come from the Water Utility and the Sanitary Utility.

Re: 2025 Watermain and Sanitary Sewer Improvements
10th Avenue, Lincoln to Morse
10th Avenue and Clermont Street
10th Avenue and Edison Street
9th Avenue, Dorr to Morse

Dear Mr. Brinkmeier:

Thank you for the opportunity to submit this proposal for professional services. This letter presents our proposed scope of services, time schedule, fee, and contract terms and conditions.

Project Description

The City is planning to adjust and update water main segments at three (3) locations along 10th Avenue in advance of WisDOT project 9835-06-70 as well as replace a segment of failing sanitary sewer on 9th Avenue between Dorr Street and Morse Street. The locations of the proposed work and scope are as follows:

- 10th Avenue, Lincoln to Morse
 - Connection to existing watermain at Lincoln, Dorr, and Morse Streets.
 - Approximately 600 lineal feet of new 8" water main on 10th Avenue.
 - Addition of 4-8" valves at the Lincoln Street intersection.
 - Relocating and installing a new hydrant from 10th Avenue at Lincoln Street.
 - New water service tap for 1018 10th Avenue.
 - Addition of 3-8" valves at the Dorr Street intersection.
 - Replacement of hydrant in the SW corner of Dorr Street and 10th Avenue.
 - Restoration of disturbed pavements and turf.
- 10th Avenue and Clermont Street
 - Connection to existing watermain on 10th Avenue and North and South Clermont Street.
 - 350 lineal feet of either directional drilled or open cut watermain under Spring Brook
 - New valves on North Clermont at 10th Avenue, valve manhole on South Clermont.
 - Replacement of hydrant in the NW corner of 10th Avenue and Clermont
 - Restoration of disturbed pavements and turf.
- 10th Avenue and Edison Street
 - Offset water main underneath proposed storm sewer elevation.
 - Replace water main tee and install 2 new valves in the intersection.
 - Restoration of disturbed pavements and turf.

June 18, 2024
Page 2 of 5

- 9th Avenue, Dorr to Morse
 - Replace sanitary sewer on 9th Avenue between Dorr Street and Morse Street.
 - Replace sanitary manholes at the intersections and adjust the sanitary sewer elevation and grade.
 - Eliminate one of the existing sanitary manholes in the intersection of 9th Avenue and Dorr Street.

Scope of Services

Survey Scope

Survey Design Services – Topographic Survey

- Topographic survey to be performed for approximately 200 feet of roadway of the abandoned roadway of S. Clermont Street crossing Spring Brook.
- Topographic survey to be performed for approximately 200 feet of roadway along 9th Avenue between Dorr Street and Morse Street
- Topographic limits to extend 100 feet down sideroads
- Topographic limits to extend to 10 feet beyond right-of-way lines or to the building faces, whichever is nearer to centerline.
- Cross sections of Spring Brook will be taken out to 50' beyond edge of bridge.
- Confirm topographic surface & watermain locations along 10th avenue in between Lincoln & Morse Streets.
- Diggers Hotline will be used to have underground utilities marked. Ayres is not liable for incomplete or inaccurate utility markings.
- Map above ground visible utilities and underground utilities (as marked by others) within the limits described in the project description. One attempt will be made to locate these utilities, additional field visits will be considered an extra cost.
- Manholes and water valves within the project limits will be measured and dipped.
- Provide a minimum of 2 horizontal and 2 vertical control points in each project area.
- Road Right of Way will be determined within the project areas.

Construction Services – Construction Staking

- Stake approximately 100 feet of sanitary mainline and 2 manholes along 9th Avenue.
- Stake approximately 800 feet of watermain and associated appurtenances along S. Clermont Street and 10th Avenue, and Edison and 10th Avenue.
- Confirm that a minimum of 2 horizontal and 2 vertical control points are in each area of construction.
- Two mobilizations are anticipated for all staking.
- A minimum of 3 working days' notice is required for all staking requests.

Civil Engineering Scope

Design Services – Watermain and Sanitary Sewer Design

- Review past project plans and desired design standards.
- Attend design kickoff meeting (1) with City staff.
- Develop and prepare proposed water main or sanitary sewer replacement plan/route, and profile for all four (4) replacement locations.
- Determine viability of directional drilling or open cut trench installation method for Clermont Street water main.
- Coordination with WDNR for installation of water main in contaminated soils at Clermont Street.

June 18, 2024
Page 3 of 5

- Modify and generate any unique special provisions for management of contaminated soils. Coordinate for disposal of contaminated soils.
- Utility Coordination, to avoid conflict and improve their facilities.
- Attend design review meeting (1) with City staff.
- Complete and submit all Wisconsin Department of Natural Resources (WDNR) water main and sanitary sewer permit forms.
- Complete and submit WDNR Dredging – Installation of Utility Crossing General Permit for open cut water main crossing of Spring Brook.
- Complete CADD drafting of a bidding and construction plan set including the following sheets:
 - Title Sheet
 - General Notes and Contacts
 - Erosion Control
 - Water Main/Sanitary Sewer Plan and Profiles
 - Plan Construction Details
- Prepare final specifications, quantities, and final cost estimate.
- Provide complete construction documents including plans and specifications to City for review prior to bidding.

Bid Administration

- Prepare (1) complete project manual including specifications and bidding documents.
- Prepare Advertisement for Bid and submit for publication.
- Setup bidding on QuestCDN.com website for bid package distribution.
- Answer questions from perspective bidders, issue addenda(s), if necessary.
- Conduct virtual bid opening, review bids for completeness, tabulate bids.
- Submit bid results to the City along with a letter of recommendation.
- Issue Notice of Award to the contractor, see contracts through execution between the City and Contractor.

Contract Administration

- Issue Notice to Proceed to contractor.
- Prepare documents and facilitate preconstruction meeting.
- Prepare and complete 3 pay applications.
- Prepare and complete 1 change order.
- Review project shop drawings and submittals, provide feedback to contractor.

Post Construction

- Coordinate with contractor and assist in completion of contract closeout documents.
- Complete record drawings and provide digital copies to the owner.
- Topographic survey of installed sanitary sewer and water main features visible on surface.

Responsibilities of Owner and Others

The Owner shall designate in writing a representative authorized to act on the Owner's behalf, and shall furnish required information, approvals, and decisions as expeditiously as necessary for the orderly progress of Ayres' services.

Ayres shall be entitled to rely on the accuracy and completeness of necessary project information supplied by the Owner.

The Owner shall pay for all permit fee applications and fee for publication of Advertisement for Bid.

Time Schedule

June 18, 2024
Page 4 of 5

Ayres will perform the work described in the Scope of Services within 120 days from notice to proceed. This is dependent on timely reviews and feedback from the City and WDNR.

Fee

We will perform the above services for an amount as stated below. The terms will be lump sum (LS) or time and expense (T&E) based on a standard hourly rate for each class of employee, plus reimbursable expenses and subconsultant charges. The Reimbursable Expense Schedule and Standard Hourly Rates Schedule are attached as Appendices 1 and 2, respectively.

Design Phase	\$26,700 (LS)
Topography Survey and Boundary Development	\$ 4,700
Watermain & Sanitary Sewer Design and Bid Document	\$22,000
Bid Administration	\$ 3,525 (LS)
Contract Administration	\$ 5,900 (T&E)
Construction Staking	\$ 4,900 (LS)
Post Construction	\$ 2,500 (LS)
TOTAL	\$43,525

Deliverables

Topographic Survey Service

- 2d and 3d Civil3D drawings in version 2018 or newer.

Civil Engineering Service

- PDF versions of Plan Sheets
- PDF versions of Project Manual
- PDF versions of Record Drawings
- Shapefile of as built locations of sanitary sewer and water main features for inclusion in City's GIS system.

Contract Terms and Conditions

Attached are "Contract Terms and Conditions" which will apply to the services and which are incorporated into this proposal by reference.

Acceptance

If this proposal and terms and conditions are acceptable to you, a signature on the enclosed copy of this letter will serve as our authorization to proceed.

This proposal is valid until July 31, 2024, unless extended by us in writing.

Re: Wis DNR Principal Forgiveness Loan Resolution Agreement for the Lead Service Replacement Program in the amount of \$275,000

We have received approval for a Principal Forgiveness Loan from Wis DNR for the Lead Service Replacement program. In receiving the Principal Forgiveness Loan it is required that we pass the attached resolution for receiving those funds. We recommend approval of the agreement resolution for \$275,000.

CITY OF ANTIGO

Resolution/Ordinance No. _____

**Resolution Authorizing Execution of the
Department of Natural Resources
Principal Forgiven Financial Assistance Agreement**

WHEREAS, the City of Antigo (the "Municipality") wishes to undertake a project to replace private lead service lines, identified as DNR No. 4754-14 (the "Project"); and

WHEREAS, the Municipality has applied to the Safe Drinking Water Loan Program (the "SDWLP") for financial assistance in the form of a loan made by the SDWLP to the Municipality of which all the principal will be forgiven at the time that loan disbursements are made to the Municipality, pursuant to the DNR Financial Assistance Agreement; and

WHEREAS, the SDWLP has determined that it can provide a loan with principal forgiveness in an amount up to \$275,000 that it has identified as being eligible for SDWLP funding;

NOW, THEREFORE, the City Mayor and City/Village Clerk are authorized by and on behalf of the Municipality to execute the Principal Forgiven Financial Assistance Agreement that contains the terms and conditions of the SDWLP award for the Project. The Principal Forgiven Financial Assistance Agreement is incorporated herein by this reference.
