Any governmental body other than that specifically referred to above will take no action.

DATE MAILED: July 21,2022

TOM BAUKNECHT

To: Mayor and City Council
From: Kirk Packard, Street Commissioner
Date: July 27, 2022
Re: Approval of a Bid for a Rear RDS Cross Conveyor Spreader Deemed Most Advantageous to the City of Antigo

The Street Department went out for bids for an 18" Rear RDS Cross Conveyor Spreader. Employees will utilize this equipment for shouldering and backfilling boulevards with top soil. We received two bids, a copy of the bid tab is attached.

This bid was on the last Public Works Agenda and I had the item pulled as I was in the process of talking with Casper's Truck Equipment regarding some questions with their bid.

After further discussions, it is my recommendation to purchase the Cross Conveyor Spreader from Casper's Truck Equipment for the bid price of \$14,466. This is a budgeted item.

City of Antigo - Bids for Cross Conveyor Spreader

[illegible]

Bids Opened at City Hall

Present: Alderperson Tom Bauknecht, Kirk Packard, Street Commissioner, Jamie Smith,
Utility Clerk

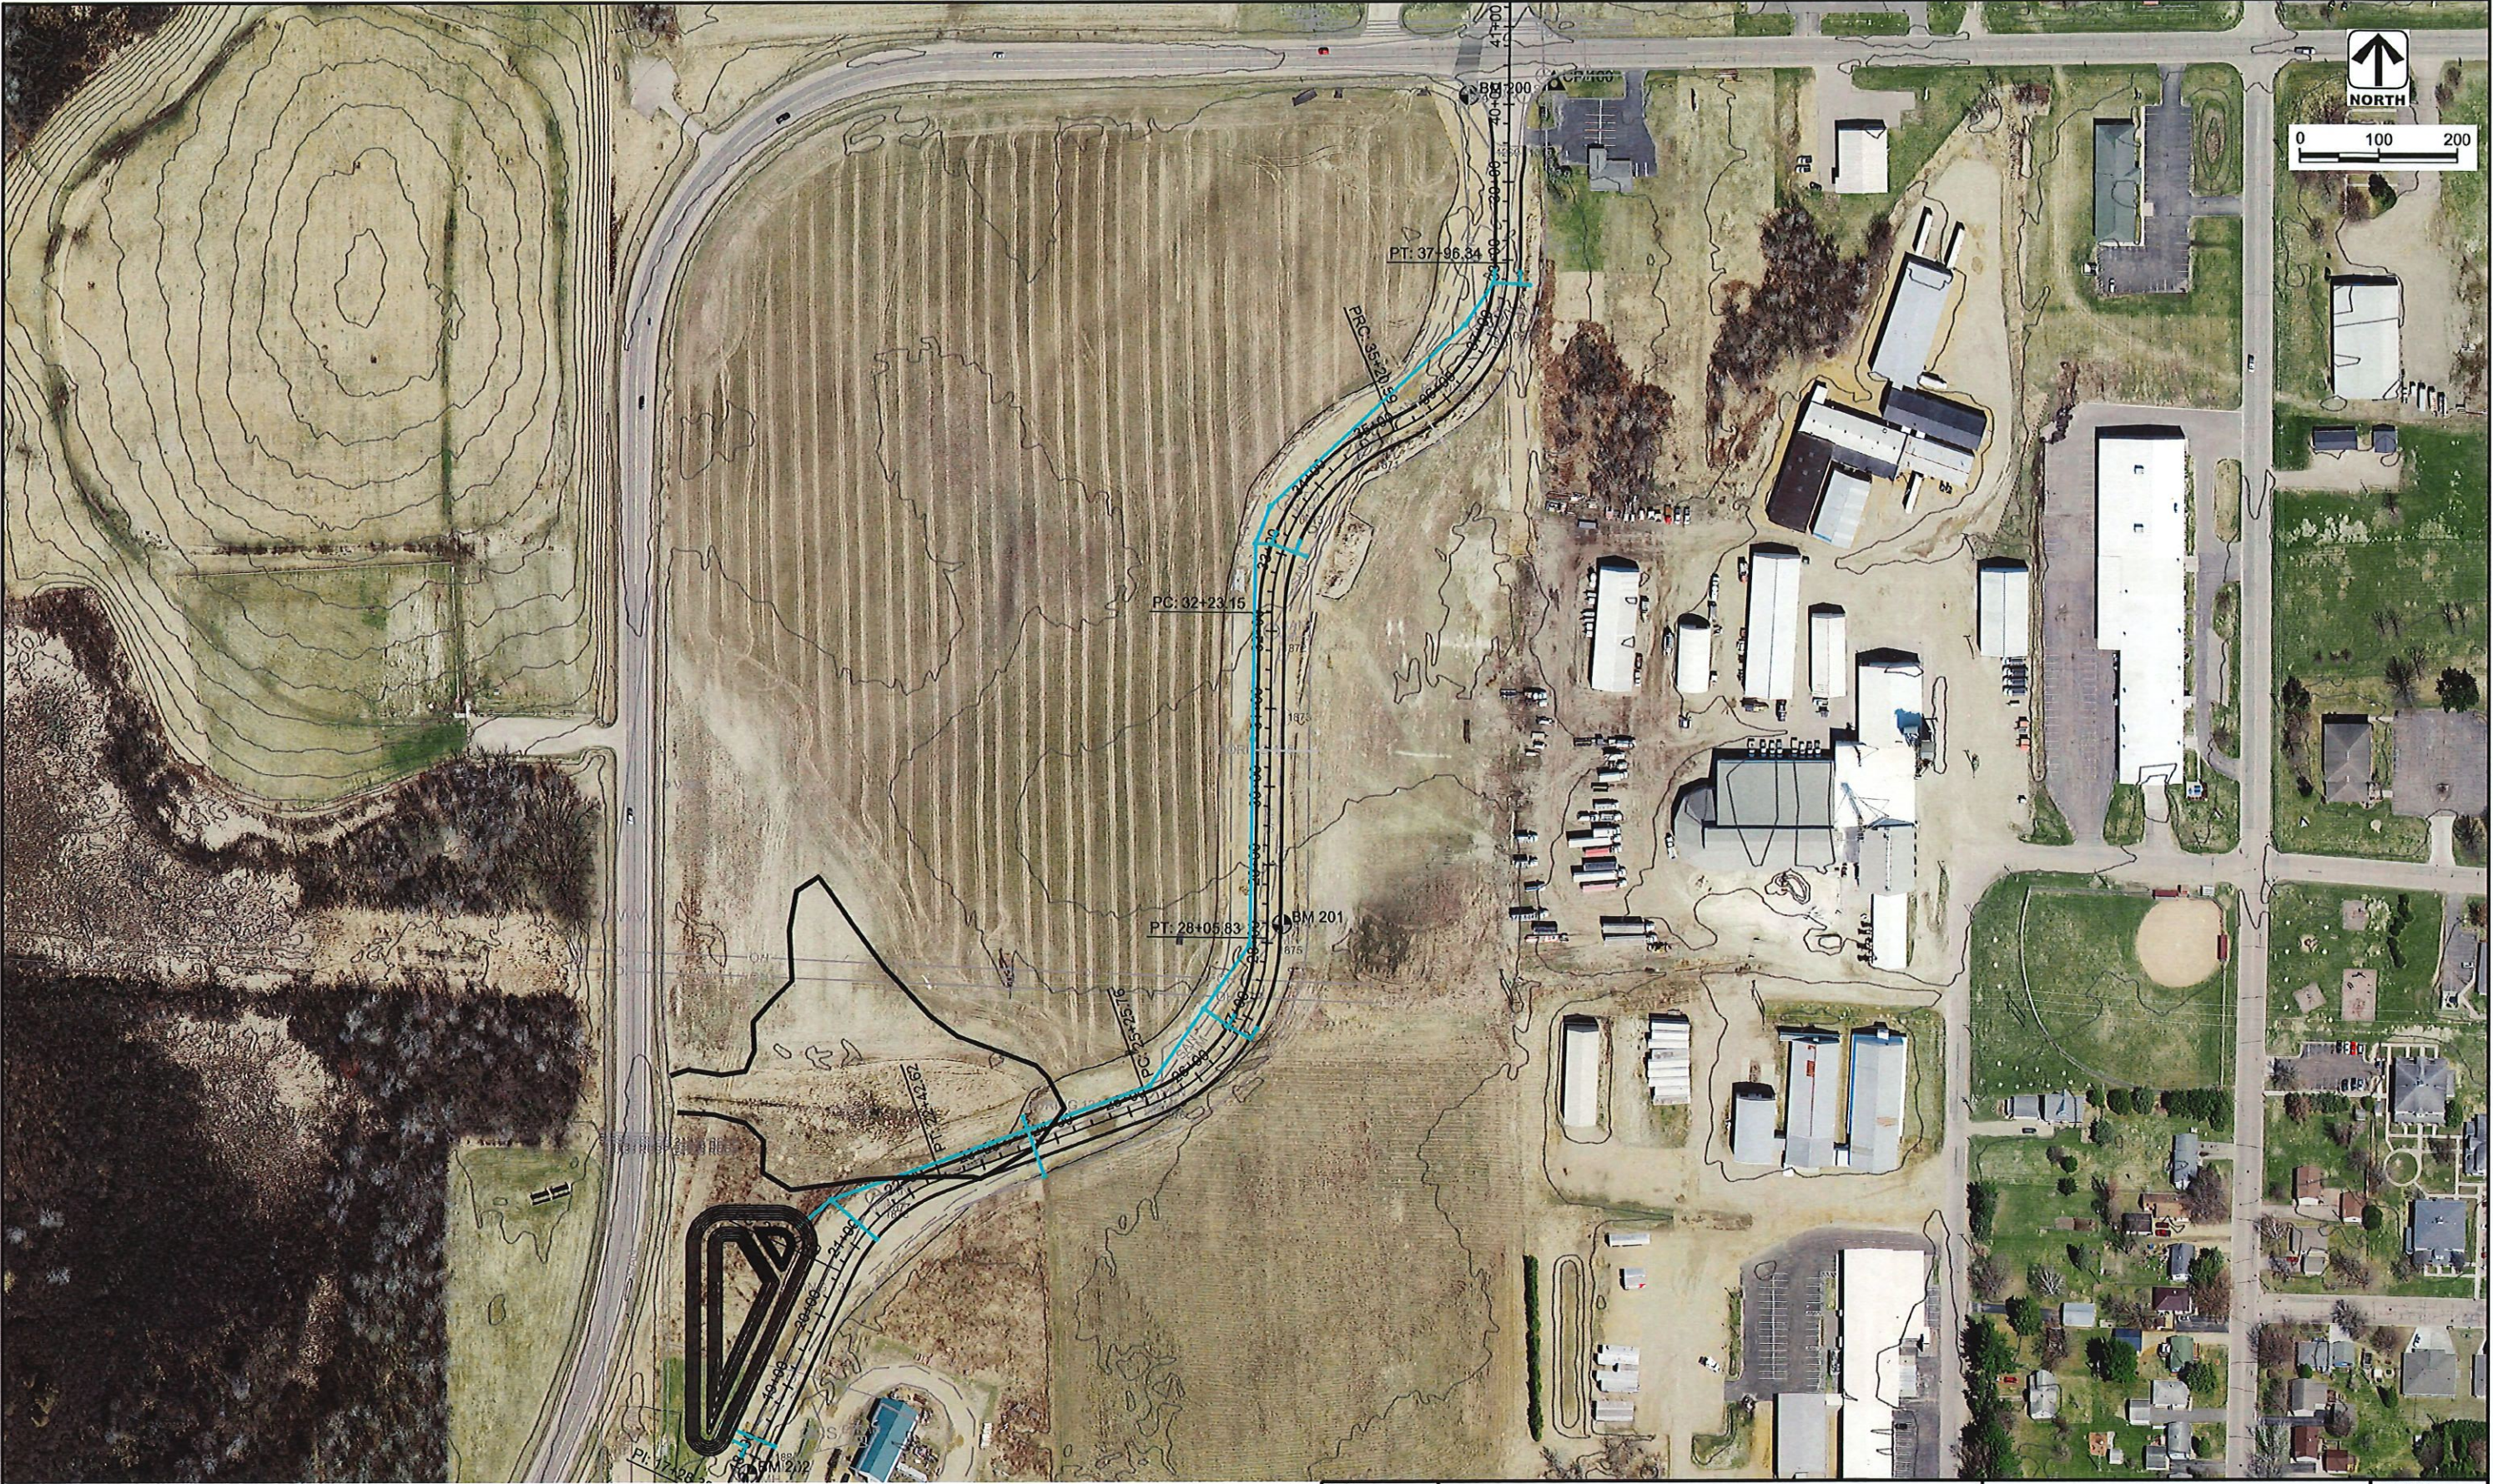

To: Mayor and City Council
From: Mark Desotell, Director of Administrative Services
Date: July 27, 2022
Re: Location Map Providing Information Regarding Current & Potential Future Grant Projects

As a follow-up to last month's presentation, where you received spreadsheets summarizing our on-going grant funded project designs, a map version depicting this information is going to be available. The map, showing locations & total projected costs, are for Informational Purposes Only.

To: Mayor and City Council
From: Charley Brinkmeier, Land Surveyor/Project Manager
Date: July 27, 2022
Re: Industrial Park Saratoga Roadway Update

We have completed the right of way dedication for the proposed roadway alignment and a preliminary plan has been completed. The roadway storm water is required by the Wisconsin Department of Natural Resources (WI DNR) to pass through the new detention pond on the south end of the project prior to entering into our existing interceptor sewer. To accomplish this, there will need to be additional storm sewer, as shown in blue, added to the project. We are still anticipating an early fall bid opening and construction.
