2. Approving Partial Vacation of Aurora Street

Charley Brinkmeier, Surveyor/Project Manager, provided a memo indicating that Bob and Cindy Piskula are requesting vacation of the East 20 feet of Aurora Street North of Second Avenue. The Piskulas would like to construct a new garage for storage and with flood plain restrictions on the east side of their lot, they are requesting a partial vacation. The current zoning requires a 15 foot setback from the right-of-way line but Piskulas would like an additional five feet for plantings. Aurora Street was originally platted as a 66 foot wide roadway but was only ever used as more of an alley than a road. There is a fiber optic utility that runs along the east edge of the gravel which would not be affected by the 20 foot vacation. Except for Wisconsin Public Service and the Piskulas, this portion of Aurora Street is not really utilized as a public thoroughfare.

Mr. Brinkmeier noted that after checking with other departments, staff sees no issues with vacating the east 20 feet and would recommend approval for Council action.

Mr. Brinkmeier advised that he does not see a roadway ever being constructed as originally platted. The original plat had the road coming all the way north coming out by the Department of Natural Resource station. However, that would be very expensive and he does not foresee it ever happening as the creek would need to crossed twice.

Motion to approve the partial vacation of the East 20 feet of Aurora Street North of Second Avenue as presented.
